Title: Hickory Dickory Dock

Source: Becca's Music Room - <http://beccasmusicroom.com/movement-activities-k-1/>

Description: Hickory Dickory Dock is a classic Kindergarten and First-Grade movement activity. Start by adding movements to the nursery rhyme. Then have the students follow along with you, I would typically have them choose what time it will be, which makes it extra fun. Movement that is used is hand movements, keeping a steady beat, and singing while moving their heads with the beat.

Curriculum Connection: Could be used in learning new vocabulary, English
